

AMBER Alert Training & Technical Assistance Program (AATTAP)

ABOUT US

A national resource dedicated to strengthening the nation's response to missing and abducted children.

Funded by the U.S. Department of Justice, Office of Juvenile Justice and Delinquency Prevention (OJJDP), the AMBER Alert Training & Technical Assistance Program (AATTAP) provides essential training, resources, and support needed to recover endangered missing and abducted children. As a center of excellence within the National Criminal Justice Training Center (NCJTC), we equip law enforcement, public safety professionals, and their community partners with the knowledge and skills to respond effectively and bring our nation's children home safely and hold perpetrators accountable.

with an average of 33 years of experience

Child Abduction and Response Team (CART) Training & Certification Unit
with an average of 28 years of experience

AMBER Alert Training & Technical Assistance Team
with an average of 28 years of experience

VOICE OF THE CUSTOMER

"What the AATTAP instructor did for us was exceptional. Whenever we were doing tabletops, they broke us up by region. They said, 'let's put people together who are going to actually work together. That way we'll see what happens, what ideas form.' And then, once we did that, everything just started working, everything just started clicking."

Captain Jay Donaldson, Criminal Investigations Louisiana State Police
